ADOBE ANIMATE SHORTCUTS

Keyboard Shortcuts

Earlier the animation lovers must have heard and used the Adobe Flash while working. But nowadays Adobe Flash is replaced by Adobe Animate CC. Animator nowadays uses Adobe Animate CC as it has added a wide range of advanced functions.

Adobe Animate includes some powerful and handy [keyboard shortcuts](#). These shortcuts will help you in saving time by selecting commands instantly instead of going through menus. Adobe Animate divides the length of time into frames similar to films. We have tried to help you with the list of most used Adobe Animate shortcuts. You can also have them downloaded here.
